I am a native of England, and while I was in that country I contracted a terrible blood poison, and for two years was under treatment as an out-door patient at Nottingham Hospital,

England, but was not cured. I suffered the most agonizing pains in my bones, and was covered with sores all over my body and limbs. Fingly I completely lost all hope in that country, and sailed for America, and was treated at Roosevelt in this city, as well as by a prominent physician in New York having no connection with the hospitals.

I saw the advertisement of Swift's Specific, and I determined to give it a trial. I took six bottles, and I can say with great joy that they have cured me entirely. I am as sound and well as I ever was in my life.

L. FRED. HALFORD.

In March of last year (1884), I contracted blood poison, and being in Savannah, Ga., at the time, I went into the hospital there for treatment. I suffered very much from rheumatism at the same time. I did not get well under the treatment there, nor was I cured by any of the usual means. I have now taken seven bottles of Swift's Specific, and am sound and well. It drove the poison out through boils and well. It drove the poison out th n the skin. Jersey City, N. J., Aug. 7, 1885. Treatise on Blood and Skin Diseases mailed

CLOAK DEPARTMENT.

# Exceptionally Good.

The best Suit which we have seen in many days for a lad, from say 9 to 12 years of age, is here at \$6 50. Why, look at that one item-the cloth! No wonder it's fine stuff for a boys' suit. We had it woven especially for us in order that it might combine every virtue. It's all wool, the pattern won't show dirt, and we have faith that it will tax the energies of even the liveliest of youngsters to wear it out.

Then, too, the suit is cut just right. It's not loose and baggy-but is neatly shaped with curving back, etc. We have a great deal of confidence in this suit, and it's just the kind that we like best to sell.

# Growing Faster and Faster.

The sales of our Fancy Goods Department for the month of October show that we did by far the largest business for that month in the history of the house.

While we had a right to expect this from the extent and unusual completeness of our preparations, yet it affords us none the less pleasure to be able to note it as a fact accomplished. TO US AT LEAST IT SHOWS THAT PEOPLE ARE FAST FINDING OUT WHERE FALL GOODS ARE BRIGHTEST AND FRESHEST, AND PRICES THE LOWEST.

# From England Direct.

For rainy weather wear we recently received direct from the works in England, a line of Genuine Mackintosh Rubber Circulars and Coats. They come in pretty checks and shades of tan, drab, garnet, etc., and are quite dressy. Each garment is reversible and in two colors. While the Circulars cost considerably more than the black ones, they are very carefully made, and with proper handling will last a number of years. The men's coats are not reversible, and come only in quiet effects.

Those who wish to be prepared in advance for the rainy weather, will find us supplied at present with everything in Rubbers, Arctics, Rubber Boots, Clothing, Umbrellas, etc. Winter Shoes, with good thick soles, must not be forgotten either.
